Tequipment Cayenne

Accessories for the Cayenne model range

Tequipment

Porsche Tequipment is all about sportscar technology, efficiency, dynamics and design. And you.

Versatility combined with impressive performance and extraordinary handling. These are the characteristics of every Cayenne model. With each new generation, the Cayenne models become lighter, safer, more economical, more dynamic, and more comfortable. In other words, they are more efficient – another impressive example of how we put Porsche Intelligent Performance into practice.

There is only one thing missing: a personal touch. Something that will turn any Porsche into something unmistakable – your Porsche. We gave this personal touch a name: Tequipment.

All the model-specific products in the Tequipment range have been developed, tested and formulated with the complete vehicle in mind. By the same Porsche engineers and designers who create the cars. Each component has to be visually

appealing and technically compatible.

All this takes place primarily at the Porsche Development Centre in Weissach, Germany – from design through to approval. Every product undergoes exhaustive testing throughout its development to ensure optimum performance and durability. This is because they have to meet the highest standards of Porsche quality and functionality.

One of the highlights is the new SportDesign package. In typical Porsche fashion, we see form following function, for the best possible combination of performance and everyday practicality. As part of its development, the SportDesign package was subjected to continuous loads on specially designed test rigs. Aerodynamics and downforces, for example, were evaluated extensively in the

wind tunnel and adapted to the overall aerodynamic concept of the Cayenne. Laboratory analyses provided confirmation of material and surface quality, and behaviour under dynamic driving conditions was subsequently observed on the racetrack.

Whichever Tequipment products you ask your Porsche Centre to fit, one thing remains unchanged: your original vehicle warranty.

You can find out more about the Porsche Tequipment range at www.porsche.com.

66

Exterior

With important decisions, you should always leave yourself plenty of room for manoeuvre.

The Cayenne. With Porsche Tequipment, you can make it look even sportier, even more dynamic. You could select, for example, a SportDesign package, Bi-Xenon main headlights in black, smoked

LED taillights or choose from a range of exterior options painted in black (high-gloss). How about a decorative side logo? The choice is yours. Everything has been designed to meet your expectations.

On the following pages we will show you all the personalisation options available from Porsche Tequipment.

SportDesign package with sideskirts

SportDesign package with sideskirts

Sportswear should be functional and tailor-made. The new SportDesign package was developed specifically for the Cayenne. It comprises a front apron available in the exterior colour of your vehicle with additional air intakes, a rear apron with side attachments, sideskirts, wide, imposing wheel arch extensions and a

distinctive roof spoiler with fixed bi-plane wing profile.

Restricted off-road use.

Provisionally available from 11/2011.

SportDesign package without sideskirts

This package contains all of the items in the SportDesign package

described above, except for the sideskirts. It makes an excellent combination with running boards.

Restricted off-road use.

Provisionally available from 11/2011.

Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)

Love at first sight: these Bi-Xenon projection main headlights have a black painted finish on the inside and are equipped with static and dynamic cornering lights, halogen auxiliary main-beam headlights, a headlight cleaning system and dynamic range control.

Smoked LED taillights

These LED taillights make a lasting sporty impression, featuring a red lens and a black finish on selected internal parts. Same function and dimensions as standard taillights.

Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)

Smoked LED taillights

Air intake grilles painted in black (high-gloss)

Decorative side logo

Air intake grilles painted in black (high-gloss)

A first impression can be decisive. Just as it is with your Cayenne. With the air intake grilles (left, centre, right) painted in black (high-gloss), it gives more than just a striking and lasting sporty impression – it has a winning smile.

Decorative side logo

Decorative side logos on Porsche cars are legendary. Just like the cars privileged enough to display

them. Why not make your vehicle part of the legend?

Decorative logo including accent stripes in selected colours: 'Cayenne', 'Cayenne diesel', 'Cayenne S', 'Cayenne S hybrid' and 'Cayenne turbo'.

Roof spoiler separation edge painted in black (high-gloss)

The separation edge of the roof spoiler painted in black (high-gloss)

will give your Cayenne an even more imposing look.

Exterior mirrors painted in black (high-gloss)

Like you, we pay maximum attention to every detail. Details such as the exterior mirror lower trims, including the front surround and mirror base, painted in black (high-gloss).

Roof spoiler separation edge painted in black (high-gloss)

Exterior mirrors painted in black (high-gloss)

Running boards

Running boards

Make your Cayenne even more individual and give it an even more powerful and sporty look. Running boards also enable easier access to the passenger compartment and roof.

Restricted off-road use.

Stainless steel skid plate (front)

The front skid plate in stainless steel gives your Cayenne an even more powerful and dynamic appearance. Its colour has been carefully selected to complement the metallic features of the Cayenne and installation does not affect the vehicle's approach angle.

Recommended in conjunction with stainless steel skid plate (rear).

Stainless steel skid plate (rear)

The rear skid plate in stainless steel gives a sporty look to the rear of your Cayenne.

Recommended in conjunction with stainless steel skid plate (front).

Wheel arch extensions

Designed to make your Cayenne look even more imposing, these distinctive wheel arch extensions provide protection for the wheel arch edges and enhance the individual appearance of the vehicle. Two versions are available.

Stainless steel skid plate (front)

Wheel arch extensions in black

Wheel arch extensions (21-inch)

Wheels

Wheels provide the direct connection with the road. Our wheels have been developed using the same principle by which we develop our vehicles: form following function. We've also further improved our tyres, for better driving performance and handling and reduced rolling resistance and weight. In this way, they can provide the necessary basis for improved fuel economy and, of course, increased driving pleasure.

21-inch Cayenne SportEdition wheels with summer tyres

The 21-inch Cayenne SportEdition cast-alloy wheel with a multi-spoke design has a dynamic and powerful look. With a width of 10 inches at the front and rear, the resulting large contact patch will give your vehicle a sporty appearance and optimise dynamic performance.

21-inch Cayenne SportEdition wheels painted in black (high-gloss) with summer tyres

These one-piece multi-spoke alloy wheels for the Cayenne are as imposing as they are sporty. The centre spokes have a black painted finish and wheel centres in black with a full-colour Porsche Crest are included.

21-inch 911 Turbo II wheels with summer tyres

This set of wheels with summer tyres is both athletic and agile. The elegant design of the forged alloy wheels with a two-tone finish is the epitome of individuality on the road.

20-inch RS Spyder Design wheels with summer or winter tyres

This design takes its cues from the wheels that adorned the successful Porsche RS Spyder race car. The multi-spoke design of these aluminium alloy wheels is a motorsport hallmark. Wheels come with a choice of summer or winter tyres.

See pages 18 to 23 for wheel and tyre specifications.

21-inch Cayenne SportEdition wheels with summer tyres

21-inch Cayenne SportEdition wheels painted in black (high-gloss) with summer tyres

21-inch 911 Turbo II wheels with summer tyres

20-inch RS Spyder Design wheels with summer or winter tyres

20-inch Cayenne SportDesign II wheels with summer or winter tyres

20-inch Cayenne SportDesign II wheels with summer or winter tyres

These one-piece alloy wheels with 10-spoke design look good at any time of year and, in combination with winter tyres, they provide excellent traction even in the cold season.

19-inch Cayenne Design II wheels with summer tyres

These lightweight, one-piece alloy wheels with five dual arm spokes are as unmistakable as your Cayenne.

Also available with all-season tyres with low rolling resistance.

19-inch Cayenne Turbo wheels with summer or winter tyres

Highlight the sporty appearance of your Porsche with these one-piece alloy wheels with double-spoke design. When fitted with winter tyres, not only will they make your Porsche even more attractive as temperatures begin to fall, they will also make an important contribution to safety.

18-inch Cayenne S III wheels with winter tyres

These one-piece alloy wheels with five-spoke design are the essence of style. Thanks to their winter tyres, they offer increased traction and added safety in the colder months.

Not compatible with the Cayenne Turbo.

18-inch Cayenne wheels with winter tyres

These one-piece multi-spoke alloy wheels make an important contribution to safety in cold weather and are characterised by their strong grip and appealing design.

Not compatible with the Cayenne Turbo.

See pages 18 to 23 for wheel and tyre specifications.

⁴ Not for vehicles fitted with Porsche Ceramic Composite Brake (PCCB).

If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

Note: The wheel centres shown are not included, except in the case of the 21-inch Cayenne SportEdition wheels painted in black (high-gloss). All tyres fitted are designed exclusively for Porsche, as indicated by the special Porsche designation (N0, N1 etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above approximately +7 °C. Below this point, the tyre compound begins to harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year. Only then can you enjoy the highest standards of driving safety from your Cayenne. All winter tyres approved by Porsche are identified by an 'N' designation on the sidewall.

Snow chains

Snow chains

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow.

Not compatible with wheel spacers.

Wheel centres

Set of wheel centre caps with a full-colour Porsche Crest. The perfect finishing touch for any Cayenne wheel.

For 21-inch Cayenne SportEdition wheel in a GT Silver Metallic finish.

For 21-inch Cayenne SportEdition wheel painted in black (high-gloss).

For 21-inch 911 Turbo II wheel in a titanium-grey paint finish.

For 20-inch RS Spyder Design wheel in a decorative silver and titanium paint finish.

Crested valve caps

Silver-coloured valve caps with embossed Porsche Crest.

Wheel spacers, 17 mm (rear)

Set of two wheel spacers (17 mm) for the rear axle to create a wider track for enhanced stability and presence on the road. When fitted, your Cayenne will look even sportier, as the wheels run virtually flush with the body of the car.

Not compatible with snow chains. Not compatible with 21-inch wheels. Not compatible with 20-inch wheels without wheel arch extensions.

Anti-theft wheel protection (not shown)

Set of four wheel bolts with anti-theft protection. For wheels without wheel spacers.

Wheel bolts in black including anti-theft protection (not shown)

Set of 20 black wheel bolts, four of which are anti-theft wheel bolts.

Not compatible with wheel spacers.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.

Performance

**Where some can go no further,
others are just getting started.**

Your Cayenne enables you to fulfil your dream of driving a Porsche and also to share it with up to four passengers, including luggage. Being a Porsche, this is a powerful vehicle whose excellent dynamics promise pure driving pleasure,

onroad or offroad. Nevertheless, there is still scope for further improvement, but only if this is in keeping with the car's overall conceptual harmony. Here, we give you the opportunity to select from a range of performance-

enhancing products, such as the Cayenne Turbo Powerkit, sports tailpipes and the Porsche Ceramic Composite Brake (PCCB). The following pages will tell you more.

Cayenne Turbo Powerkit

Cayenne Turbo Powerkit

The only alternative to power? Even more power. The Cayenne Turbo Powerkit raises the maximum power output of your Cayenne Turbo by 40 hp to 540 hp, while maximum torque is increased to 750 Nm.

This power upgrade was achieved through a series of measures, including a modification to the engine electronics and turbochargers with turbine wheels in titanium/aluminium. Other modifications include an optimised brake cooling system and a sophisticated

restyling of the engine compartment. The throttle valve cover features a plaque in carbon and the intake manifold is titanium-coloured with inlays in carbon and featuring a silver-coloured logo.

For you, the combined effect of these refinements means increased vehicle performance and even more driving pleasure. You can also rest assured that your warranty covers all these modifications in full.

Some models may require additional components (please see fitting and conversion instructions).

Only available for Cayenne Turbo.

— Cayenne Turbo with Powerkit
 - - - - - Cayenne Turbo with standard engine

Performance	Cayenne Turbo with Powerkit
Top Speed	281 km/h (174 mph)

Flexibility	
80–120 km/h (50–75mph)	3.0 secs

Cayenne Turbo Powerkit

Cayenne Turbo with Powerkit:
 Fuel consumption in l/100 km (mpg) · urban 15.8 (17.9) · extra urban 8.4 (33.6) · combined 11.5 (24.6);
 CO₂ emissions 270 g/km

Porsche Ceramic Composite Brake (PCCB)

Porsche Ceramic Composite Brake (PCCB)

PCCB is a high-tech brake system. Its carbon-fibre-reinforced, internally vented and cross-drilled ceramic brake discs have a diameter of 410 mm at the front and 370 mm at the rear. Six-piston aluminium monobloc brake calipers at the front and four-

piston units at the rear – all with a yellow finish – provide extremely high and consistent levels of friction.

Available for tyre sizes of 20-inch upwards and only for Cayenne Turbo.

Sports tailpipes

Give the rear of your Cayenne an even sportier look with these aluminium twin dual-tube tailpipes in a distinctive design. Nanocoated to make them easier to clean and provide a striking effect.

Not compatible with sports exhaust system.

Sports tailpipes

Sports exhaust system

Features modified main silencers and two twin-tube trims with Cayenne Turbo design in polished, high-gloss aluminium with a nano-coat finish. The sporty sound is selected using the existing SPORT button.

Only for Cayenne and Cayenne S.

Sports exhaust system

Interior

**From style to elegance in a glance.
The choice is yours.**

Space for five, including luggage. The Cayenne offers you plenty of room for manoeuvre, even in terms of personalised design. After all, should everything not be exactly the way you pictured it to be?

To help you to create the interior you desire, a selection of high-quality materials is available. How about an elegant wood finish? Whether it be walnut, anthracite birch, natural olive or Yachting Mahogany, our range is certain to appeal to your taste.

Brushed aluminium, carbon or leather will also give your Cayenne even more character: yours. The following pages will give you all the inspiration you need.

Brushed aluminium interior package

Walnut¹

A classic, high-quality dark wood with a unique and appealing grain.

Anthracite birch¹

This anthracite-coloured birchwood has an attractive wavy grain, an impressive dual-tone effect and a silky sheen.

Natural olive¹

A high-quality ash wood with an olive grain and a silky matt sheen, giving a combination of elegance, individuality and luxury.

Yachting Mahogany¹

Inspired by the construction of exclusive yachts, mahogany is a fine dark wood. Light maple inserts provide a stylish contrast.

Yachting Mahogany provisionally available from 09/2011.

Brushed aluminium

Brushed aluminium sets clear accents and gives the interior a sporty minimalist appearance.

Carbon

Carbon is a light but highly durable material which has its origins in motor racing. Its sporty look is the ideal complement to the car's race-bred engineering.

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

¹ Since wood is a natural product, there may be variations in colour and grain.

Walnut

Carbon

Leather

Interior package and extended trim package in anthracite birch

Interior package

Would you like to make your Cayenne even more individual, even more refined? Our range of interior packages enables you to choose the finish you would like for the decorative trims on the dashboard and all doors, the decorative plate on the centre console lower section and the front ashtray cover. Packages are available in walnut, anthracite

birch, natural olive, Yachting Mahogany, brushed aluminium or carbon.

Extended trim package

The extended trim package creates an outstanding effect when combined with one of our interior packages, but is equally attractive on its own. The extended trim package comprises the Tiptronic S gear selector and the multifunction

steering wheel rim (not including airbag module). Available in walnut, anthracite birch, Yachting Mahogany or carbon.

Door handles and centre console grab handles

Includes the front and rear door handles and the centre console grab handles. Available in walnut, anthracite birch, natural olive, Yachting Mahogany or carbon.

Door handles and centre console grab handles in padded leather (not shown)

The door handles in the front and rear and the grab handles on the centre console are all padded for an excellent non-slip effect. Decorative seams complete the classy appearance.

SportDesign steering wheel

This steering wheel in leather with gearshift paddles located behind the right- and left-hand spokes will appeal to anyone who wants to make motorsport-style gear changes. The right-hand paddle shifts up, the left-hand paddle shifts down, confirming that comfort and sportiness needn't be mutually exclusive.

Vehicle key painted

A special kind of door opener: an additional key with a painted finish. Available in selected exterior colours.

Key pouch in leather

In smooth-finish leather with decorative stitching and embossed Porsche Crest. Available in selected leather colours. Includes a tether for the vehicle key.

Door handles and centre console grab handles in carbon

SportDesign steering wheel

Vehicle key painted, key pouch in leather

Rubber floor mats

Rubber floor mats

Four made-to-measure floor mats in an appealing design featuring the Cayenne silhouette. Non-slip and waterproof.

Floor mats with nubuck edging

Precision down to the last detail: made-to-measure floor mats with nubuck edging, 'PORSCHE' logo and a waterproof backing. Floor mat displacement is prevented by a special securing system.

Reversible loadspace mat with nubuck edging

This reversible mat with loading edge protection shields the luggage compartment from dirt and protects the vehicle paintwork from scratches during loading. One side is trimmed in velour in the interior colour, the other side features a hard-wearing, non-slip rubber surface.

Sun/privacy screen

Protects against direct sunlight and at the same time provides additional privacy. Attaches to the rear screen and rear windows by a system of clips.

Tiptronic S gear selector in aluminium

Tiptronic S gear selector specially designed in milled aluminium and with inlays in smooth-finish leather in interior colour.

Only for vehicles with Tiptronic S.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.

Floor mats with nubuck edging

Tiptronic S gear selector in aluminium

Door sill guards in carbon

Door sill guards in carbon, illuminated

Door sill guards in stainless steel

Door sill guards in stainless steel, illuminated

Door sill guards

A sporty and striking effect.

Whether you choose door sill guards in carbon or stainless steel, they provide a stylish and dramatic finishing touch. If you select illuminated door sill guards, the white illuminated model logo is a further highlight.

Available with 'Cayenne', 'Cayenne S' or 'Cayenne turbo' logo.

Door sill guards in carbon (non-illuminated or illuminated) and stainless steel (illuminated): provisionally available from 09/2011.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.

Audio and communication

**Another Porsche strength:
interpersonal communication.**

Your Cayenne was designed with performance in mind, with a high level of comfort and as much practicality as you will need. The high-quality audio and communication products from

Porsche Tequipment are no different. They have been specially selected and tuned to your Porsche vehicle so that you can turn it into a mobile communications and audio centre.

PCM with navigation module and CD/DVD autochanger

PCM with navigation module and CD/DVD autochanger

The central information and communication system with a 7-inch WVGA TFT colour touchscreen is easy to operate. The radio has an FM dual tuner frequency diversity with RDS. The CD/DVD drive plays CDs and audio DVDs and is

MP3-compatible. Audio playback of video DVDs is also supported. The GPS navigation system has a hard drive containing map data for most European countries. Other features include dynamic route calculation, a 3D map display and automatic route recording.

Universal audio interface

For vehicles with PCM, the centre console storage compartment will contain two connections: an AUX interface for connecting an external audio source, and a USB port enabling you to connect a USB memory stick containing MP3 tracks, an MP3 player, an iPod®

Universal audio interface and cordless handset for telephone module

or an iPhone®. The USB stick, iPod® or iPhone® can be operated conveniently via PCM, the multifunction steering wheel or the voice control system.

For vehicles with the CDR-31 audio system, the centre console storage compartment will contain an AUX

interface for connecting a compatible audio source. The volume is adjusted using the controls on the CDR-31 audio system, other functions are operated using the controls on the external audio source itself.

Cordless handset for telephone module

Installed in the centre console and features a display and separate keypad for making calls privately in the presence of other passengers.

Electronic logbook

Electronic logbook¹

The optional electronic logbook enables automatic recording of mileage, route distance, date and time, starting point and destination as part of every journey. Once you have downloaded the logbooks from the PCM via Bluetooth® or the optional USB interface, the data can be evaluated on your home PC using the software supplied.

Telephone module¹

The optional quadband GSM telephone module offers convenience and excellent reception. By inserting a SIM card directly into the PCM's integral SIM card reader, calls can be made using either the hands-free facility or the optionally available cordless handset. Alternatively, calls can be made using the Bluetooth® capability of your mobile phone.

Mobile phone preparation¹

To enable a Bluetooth® connection for those mobile phones that only support the Handsfree Profile (HFP)², an optional hands-free facility is available. With HFP, the PCM acts merely as a hands-free system and can be used to control only the basic functions of the phone. The GSM connection is established through the aerial of the mobile phone.

Telephone module

¹ Only in conjunction with PCM.

² Information on compatible mobile telephones is available from your Porsche Centre or visit www.porsche.com.

Mobile phone preparation

Wireless internet access

Wireless internet access

A compact, high-end WLAN router installed neatly in the glove compartment and an additional aerial fitted inconspicuously between the A-pillar and windscreen surround enable you to receive and broadcast the signal of your mobile network provider. Supports the HSPA/UMTS, EDGE and GPRS mobile data networks. This convenient internet access point

gives you on-the-move online access from multiple WiFi-enabled client devices (e.g. laptops, smartphones or netbooks), simultaneously if necessary, up to a maximum download speed of 7.2 Mb/s.

A data-enabled SIM card and a separate, valid subscription to a mobile network provider (subject to charge) are required for internet access.

Provisionally available from 10/2011.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.

Porsche Vehicle Tracking System (PVTS)

Enables remote location of a stolen vehicle in 27 European

Porsche Vehicle Tracking System (PVTS)

countries as well as in Russia and South Africa. Location is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle owner. In addition to the extra security offered by this system, it may also, depending on the country, reduce your insurance premium. The system has been

successfully tested in 27 European countries and Russia and the service has been adapted to fully meet Porsche quality requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for the Porsche Vehicle Tracking System (PVTS).

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

Transport and car care

**Too many hobbies?
Not any more.**

For all its sporty appearance, the interior of the Cayenne is extremely spacious and comfortable. A range of optional Porsche child seats ensures that children can also travel in comfort.

The luggage compartment offers plenty of room for your belongings.

Cargo liners are available to protect it from dirt, and the luggage net keeps your belongings in one place.

Thanks to the intelligent roof transport systems from Porsche Tequipment, your vehicle can carry bulky items of luggage, as well

as skis, snowboards, surfboards or even boats.

Food and drinks are best kept in the cool box. Your Cayenne, on the other hand, is best protected under a car cover. Of course, we also have an extensive range of care products.

Child seats

As far as safety is concerned, your Cayenne, like any other Porsche, is uncompromising. This is particularly true when it comes to the well-being of our youngest passengers. The child seats from Porsche Equipment offer a high level of safety and are also very comfortable. After all, we believe that every occupant should be able to enjoy the comfort afforded by a Cayenne.

Porsche child seats

Porsche child seats meet the latest safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers up to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean with a removable and washable cover in black and grey with a contrasting

red trim. The outer rear seats in the Cayenne are equipped with ISOFIX preparation as standard (available as an option for the front passenger seat). These mounting points can be used to secure any Porsche ISOFIX child seat easily and safely. Alternatively, all Porsche child seats can be secured using the standard three-point seat belts. For extra

Child seats	Model	Group	Weight	Age	Cayenne front	Cayenne rear
	Porsche Baby Seat ISOFIX, G 0+	0+	up to 13 kg	up to approx. 18 months	yes ¹	yes

¹ Front passenger airbag must be deactivated whenever the child seat is in use.

safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

Roof transport system

Bike carrier

Transport and car care

Roof transport system

For use with our elegant roof rails (optional), these roof bars are approved for a maximum roof load of 100 kg. Compatible with a wide range of Tequipment load-carrying attachments, they are easy to fit and feature anti-theft protection.

Only in conjunction with factory-fitted roof rails.

Bike carrier

Lockable carrier for standard adult and children's bikes up to a maximum frame-tube diameter of 85 mm. Up to three bike carriers can be mounted on the roof transport system.

Ski/snowboard carrier

Two versions are available: one for up to four pairs of skis or up to two snowboards, and one for up to six pairs of skis or up to four snowboards.

Boat carrier

Provides secure transportation for a range of boat types.

Not suitable for rubber dinghies.

Ski/snowboard carrier

Boat carrier

Surfboard carrier

Surfboard carrier

Carrier for the safe transport of board and mast.

Rear-mounted bike carrier

Lockable, hinged aluminium rear-mounted carrier in black for up to two bicycles. Mounts on towbar system.

Only available in conjunction with a towbar.

Expansion kit for rear-mounted bike carrier (not shown)

Expansion kit for the transport of a third bicycle on the rear-mounted bike carrier.

Only available in conjunction with the rear-mounted bike carrier.

Roof box (narrow)

Lockable plastic roof box in Silver Grey with a capacity of approximately 310 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,260 x W 550 x H 380 mm.

Rear-mounted bike carrier

Roof box (wide)

Lockable plastic roof box in black (high-gloss) with a capacity of approximately 520 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,180 x W 895 x H 400 mm.

Roof box (narrow)

Roof box (wide)

Outdoor car cover

Indoor car cover

Outdoor car cover

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent, it provides excellent protection against a range of weather conditions including strong sunlight. Includes anti-theft protection.

Indoor car cover

Tailored indoor cover made from breathable and anti-static fabric. With full-colour Porsche Crest and logo.

Luggage nets

Easy-to-use floor and side nets enabling secure transportation of smaller objects in the luggage compartment. Floor net is secured via four integral hooks to lashing points on loadspace floor. Both nets are highly elastic, enabling variable tension adjustment.

Cargo liners

These made-to-measure water-proof and washable plastic containers offer protection against dirt and damage.

Available in two sizes: low-sided and high-sided. Both versions feature the 'PORSCHE' logo, supplemented on the low-sided version by the Cayenne silhouette.

Cool box

Easy-to-use cool box with 12-volt power connection and 12-litre capacity for food and drinks. Secured using patented Porsche attachment system. Includes battery discharge protection.

Cargo liner (high-sided)

Luggage nets

Cargo liner (low-sided)

Cool box

Electrically extending towbar system

Electrically extending towbar system

The towball can be electrically deployed or retracted at the push of a button. The maximum braked trailer load is 3,500 kg, the maximum noseweight is 140 kg. Includes 13-pole power socket.

13- to 7-pole socket adapter available separately.

Towbar system with manually detachable towball (not shown)

Steel cross member with vertically mounted towball. The maximum braked trailer load is 3,500 kg, the maximum noseweight is 140 kg. Includes 13-pole power socket.

13- to 7-pole socket adapter available separately.

Not available for Cayenne S Hybrid.

Loadspace partition

Loadspace partition

For added safety with the vehicle laden. The partition net is flexible with a choice of two attachment positions available on the rooflining.

Wheel cleaning kit

Wheel cleaning kit

Care products and brush set for alloy wheels. Cleaning fluid also available separately as a refill.

Porsche Charge-o-mat II

Battery charger with charge maintenance and monitoring function. For direct connection to the vehicle battery, an adapter is additionally required.

Microfibre cleaning cloths

Pack of three microfibre cloths enabling the PCM touchscreen and other delicate interior surfaces to be cleaned safely and efficiently.

Ice scraper

Practical accessory featuring aluminium telescopic handle enabling easy removal of ice

and snow from your Porsche. Integral rubber lip for removing water.

Interior care kit

Contains cleaning products and accessories, including velour cleaner, leather cleaner, conditioner and interior glass cleaner.

Car-care case

Aluminium case containing high-quality car-care products specially approved for your Porsche. Includes insect remover, paint polish, shampoo, wax, glass cleaner and leather conditioner. All products are available separately.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.
