Tequipment Cayenne

Accessories for the Cayenne model range

Tequipment

Porsche Tequipment is all about sports car technology, efficiency, dynamics and design. And you.

Versatility combined with impressive performance and extraordinary handling. These are the characteristics of every Cayenne model.

Yet there is still scope to give your car a personal touch. This is possible thanks to the Porsche Tequipment range of accessories.

All the model-specific products in the Tequipment range have been developed, tested and formulated with the complete vehicle in mind, and by the same Porsche engineers and designers who made your car. Each component has to be visually appealing and technically compatible.

All this takes place primarily at the Porsche Development Centre in Weissach, Germany – from design through to approval. Every product undergoes exhaustive testing throughout its development to ensure optimum performance and lasting durability. This is because they have to meet the highest standards of Porsche quality and functionality.

One of the highlights is the SportDesign package. In typical Porsche fashion, we see form following function, for the best possible combination of performance and everyday practicality.

As part of its development, the SportDesign package was subjected to continuous loads on specially designed test rigs. Aerodynamics and downforces, for example, were evaluated extensively in the wind tunnel and adapted to the overall aerodynamic concept of the Cayenne. Laboratory analyses provided confirmation of material and surface quality, and behaviour under dynamic driving conditions was subsequently observed on the racetrack.

Whichever Tequipment products you ask your Porsche Centre to fit, one thing remains unchanged: your original vehicle warranty.

Please visit www.porsche.com or contact your Porsche Centre for more information.

Cayenne models:

From the SportDesign package to optional alloy wheels. Whatever you choose, your decision will be a reflection of your sporty style.		Want to push the performance concept to the very limit? Welcome to the high-performance club.		Personalise the interior. Classic, pure or sporty. Let your taste decide. Audio and communication included.		Here you will find intelligent transport solutions, Porsche child seats and care products for your car.		This page provides a brief insight into the world of Porsche.	
								Index	66

Exterior

With important decisions, you should always leave yourself plenty of room for manoeuvre.

The Cayenne. With Porsche Tequipment, you can make it look even sportier, even more dynamic. You could select, for example, a SportDesign package, Bi-Xenon main headlights in black or smoked

LED taillights. How about a range of exterior options painted in black (high-gloss)? The choice is yours. Everything has been designed to meet your expectations. On the following pages we will show you all

the personalisation options available from Porsche Tequipment.

SportDesign package with sideskirts

SportDesign package with sideskirts

Sportswear should be functional and tailor-made. The SportDesign package was developed specifically for the Cayenne. It comprises a front apron available in the exterior colour of your vehicle with additional air intakes, a rear apron with side attachments, sideskirts, wide imposing wheel

arch extensions and a distinctive roof spoiler with fixed bi-plane wing profile.

Restricted off-road use.

SportDesign package without sideskirts (not shown)

This package contains all of the items in the SportDesign package described above, except for the

sideskirts. It makes an excellent combination with running boards.

Restricted off-road use.

Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)

Love at first sight: these Bi-Xenon projection main headlights have a black-painted finish and are equipped with static and dynamic cornering lights, speed-sensitive range control logic, halogen auxiliary main-beam headlights and a headlight cleaning system.

Only for vehicles with Bi-Xenon main headlights including Porsche Dynamic Light System (PDLS).

Smoked LED taillights with adaptive brake lights

These LED taillights make a lasting sporty impression, featuring red lenses and a black finish on selected internal parts for an appealing dark look. Same function and styling as standard taillights.

Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)

Smoked LED taillights with adaptive brake lights

Air intake grilles painted in black (high-gloss)

Roof spoiler separation edge painted in black (high-gloss)

Air intake grilles painted in black (high-gloss)

A first impression can be decisive. Just as it is with your Cayenne. With the air intake grilles (left, centre, right) painted in black (high-gloss), it gives more than just a striking and lasting sporty impression – it has a winning smile.

Roof spoiler separation edge painted in black (high-gloss)

The separation edge of the roof spoiler painted in black (high-gloss) will give your Cayenne an even more imposing look.

Exterior mirrors painted in black (high-gloss)

Like you, we pay maximum attention to every detail. Details such as the exterior mirror lower trims, including the front surround and mirror base, painted in black (high-gloss).

Filler cap in Aluminium Look

The filler cap adds a high-quality detail to your Porsche. The design is based on the filler caps used on historical racing cars. It brandishes the 'PORSCHE' logo and is equipped with a locking device.

Exterior mirrors painted in black (high-gloss)

Filler cap in Aluminium Look

Running boards

Running boards

Make your Cayenne even more individual and give it an even more powerful and sporty look. Running boards also enable easier access to the passenger compartment and roof.

Restricted off-road use.

Stainless steel skid plate (front)

The front skid plate in stainless steel makes your Cayenne look even more imposing. Its colour has been carefully selected to complement the metallic features of the Cayenne and installation does not affect the vehicle's approach angle.

Recommended in conjunction with stainless steel skid plate (rear).

Stainless steel skid plate (rear)

The rear skid plate in stainless steel gives a sporty look to the rear of your Cayenne.

Recommended in conjunction with stainless steel skid plate (front).

Wheel arch extensions

Designed to make your Cayenne look even more dynamic, these distinctive wheel arch extensions provide protection for the wheel arch edges and enhance the individual appearance of the vehicle. Three versions are available: wheel arch extensions (21-inch), wheel arch extensions painted (not shown) and wheel arch extensions in black.

Wheel arch extensions (21-inch)

Wheels

Wheels provide the direct connection with the road. Our wheels have been developed using the same principle by which we develop our vehicles: everything revolves around sport. We've also further improved our tyres, for better driving performance, handling and weight. In this way, they can provide the optimum basis for improved fuel economy and, of course, increased driving pleasure.

21-inch Cayenne SportEdition wheels with summer tyres

The 21-inch Cayenne SportEdition cast-alloy wheels with a multi-spoke design have a dynamic and powerful look. With a width of 10 inches at the front and rear, the resulting large contact patch will give your vehicle a sporty appearance and optimise dynamic performance.

21-inch Cayenne SportEdition wheels painted in black (high-gloss) with summer tyres

These one-piece multi-spoke alloy wheels for the Cayenne are as imposing as they are sporty. The centre spokes are painted in black (high-gloss) and wheel centres in black with a full-colour Porsche Crest are included.

21-inch 911 Turbo II wheels with summer tyres

This set of wheels with summer tyres is both athletic and agile. The elegant design of the forged alloy wheels with a two-tone finish is the epitome of individuality on the road.

20-inch RS Spyder Design wheels with summer or winter tyres

This design takes its cues from the wheels that adorned the successful Porsche RS Spyder race car. The multi-spoke design of these aluminium alloy wheels is a motorsport hallmark. Wheels come with a choice of summer or winter tyres.

See pages 18 to 23 for wheel and tyre specifications.

20-inch RS Spyder Design wheels with summer or winter tyres

20-inch Cayenne SportDesign II wheels with summer or winter tyres

20-inch Cayenne SportDesign II wheels with summer or winter tyres

These one-piece alloy wheels with 10-spoke design look good at any time of year and, in combination with winter tyres, they provide excellent traction even in the cold season.

19-inch Cayenne Design II wheels with summer or winter tyres

These lightweight, one-piece alloy wheels with five dual arm spokes are as unmistakable as your Cayenne.

Also available with all-season tyres.

19-inch Cayenne Turbo wheels with summer or winter tyres

Highlight the sporty appearance of your Porsche with these one-piece alloy wheels with double-spoke design.

18-inch Cayenne S III wheels with winter tyres

These one-piece alloy wheels with five-spoke design are the essence of style. Thanks to their winter tyres, they offer increased traction and added safety in the colder months.

Not compatible with Cayenne Turbo or Cayenne Turbo S. Not in conjunction with PCCB.

18-inch Cayenne wheels with winter tyres

These one-piece multi-spoke alloy wheels make an important contribution to safety in cold weather and are characterised by their strong grip and appealing design.

Not compatible with Cayenne Turbo or Cayenne Turbo S. Not in conjunction with PCCB.

See pages 18 to 23 for wheel and tyre specifications.

■ Compatible

– Not compatible

¹ Only in conjunction with wheel arch extensions.

² Standard on Cayenne Turbo.

³ Up to max. 149 mph.

⁴ Not for vehicles fitted with Porsche Ceramic Composite Brake (PCCB).

If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

Note: The wheel centres shown are not included, except in the case of the 21-inch Cayenne SportEdition wheels painted in black (high-gloss). All tyres fitted are designed exclusively for Porsche, as indicated by the special Porsche designation (NO, N1, etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

⁴ Not for vehicles fitted with Porsche Ceramic Composite Brake (PCCB).

If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

Note: The wheel centres shown are not included, except in the case of the 21-inch Cayenne SportEdition wheels painted in black (high-gloss). All tyres fitted are designed exclusively for Porsche, as indicated by the special Porsche designation (N0, N1, etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above approximately +7 °C. Below this point, the tyre compound begins to harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year so that you can drive your Cayenne safe in the knowledge that it will continue to meet our high standards for driving safety even at low temperatures. All winter tyres approved by Porsche are identified by an 'N' designation on the sidewall.

Snow chains

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow.

Not compatible with wheel spacers.

Wheel centres

Set of wheel centre caps with a full-colour Porsche Crest. The perfect finishing touch for any Cayenne wheel.

Crested valve caps

Set of four silver-coloured valve caps with embossed Porsche Crest.

For vehicles with TPM (not shown) and without Tyre Pressure Monitoring (TPM).

Wheel spacers

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your Cayenne will look even sportier, as the wheels run virtually flush with the body of the car. Two versions available: 17 mm for rear axle and 5 mm for front and rear axles.

Not compatible with snow chains. Only available in conjunction with wheel arch extensions.

Anti-theft wheel protection

Set of four black wheel bolts with anti-theft protection.

Wheel bolts in black including anti-theft protection (not shown)

Set of twenty black wheel bolts, four of which are anti-theft bolts. Including adapter.

Performance

**Where some can go no further,
others are just getting started.**

Your Cayenne enables you to fulfil your dream of driving a Porsche and to share it with up to four passengers, including luggage. Being a Porsche, this is a powerful vehicle whose excellent dynamics

promise pure driving pleasure, on-road or off-road. Nevertheless, there is still scope for further improvement, but only if this is in keeping with the car's overall conceptual harmony. For example,

with the sports exhaust system or the Porsche Ceramic Composite Brake (PCCB). The following pages will tell you more.

Porsche Ceramic Composite Brake (PCCB)

Porsche Ceramic Composite Brake (PCCB)

These carbon-fibre-reinforced and cross-drilled ceramic brake discs are internally vented and have a larger diameter than standard discs. Six-piston aluminium monobloc brake calipers at the front and four-piston units at the rear – all with a yellow finish – provide extremely high and consistent levels of friction.

Available for Cayenne GTS and Cayenne Turbo in conjunction with 20-inch wheels.

Sports tailpipes

Give the rear of your Cayenne an even sportier look with these polished, high-gloss aluminium tailpipe trims in a distinctive design. Nano-coated to make them easier to clean and provide a striking effect.

Not compatible with the sports exhaust system.

GTS sports tailpipes in black

Twin dual-tube tailpipes in the unique black design of the Cayenne GTS. Lending an even more powerful look to the rear of your Porsche.

Only for Cayenne and Cayenne S in connection with the sports exhaust system.

Sports tailpipes

Sports exhaust system

Features modified main silencers and twin dual-tube trims with Cayenne Turbo design in polished, high-gloss aluminium with a nano-coat finish. The sporty sound is selected using an additional button in the centre console.

Only for Cayenne and Cayenne S.

Sports exhaust system

Interior

**You've already achieved your heart's desire.
Now for those little extras.**

Space for five, including luggage. The Cayenne offers you plenty of room for manoeuvre, even in terms of personalised design. After all, should everything not be exactly the way you pictured it to be?

To help you to create the interior you desire, a selection of high-quality materials is available. How about an elegant wood finish? Whether it be walnut, anthracite birch, natural olive or Yachting Mahogany, our range is certain to appeal to your taste.

Brushed aluminium, carbon or leather will also give your Cayenne even more character: yours. The following pages will give you all the inspiration you need.

Brushed aluminium interior package

Walnut¹

A classic, high-quality dark wood with a unique and appealing grain.

Anthracite birch¹

This anthracite-coloured birchwood has an attractive wavy grain, an impressive dual-tone effect and a silky sheen.

Natural olive¹

A high-quality ash wood with an olive grain and a silky matt sheen, giving a combination of elegance, individuality and luxury.

Yachting Mahogany¹

Inspired by the construction of exclusive yachts, mahogany is a fine dark wood. Light maple inserts provide a stylish contrast.

Brushed aluminium

Brushed aluminium sets clear accents and gives the interior a sporty, minimalist appearance.

Carbon

Carbon is a light but highly durable material which has its origins in motorsport. Its sporty look is

the ideal complement to the car's race-bred engineering.

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

¹ Since wood is a natural product, there may be variations in colour and grain.

Walnut

Yachting Mahogany

Brushed aluminium

Carbon

Leather

Interior package and extended trim package in anthracite birch

Door handles and centre console grab handles in carbon

Interior package

Would you like to make your Cayenne even more individual, even more refined? Our range of interior packages enables you to choose the finish you would like for the decorative trims on the dashboard and all doors, the decorative plate on the centre console lower section and the

front ashtray cover. Packages are available in walnut, anthracite birch, natural olive, Yachting Mahogany, brushed aluminium or carbon.

Extended trim package

The extended trim package creates an outstanding effect when combined with one of our interior

packages, but is equally attractive on its own. The extended trim package comprises the Tiptronic S gear selector and the multifunction steering wheel rim (not including airbag module). Available in walnut, anthracite birch, Yachting Mahogany or carbon.

Door handles and centre console grab handles

Includes the front and rear door handles and the centre console grab handles. Available in walnut, anthracite birch, natural olive, Yachting Mahogany or carbon.

Door handles and centre console grab handles in padded leather (not shown)

The door handles in the front and rear and the grab handles on the centre console are all padded for an excellent non-slip effect. Decorative seams complete the classy appearance.

SportDesign steering wheel with gearshift paddles

SportDesign steering wheel with gearshift paddles

This steering wheel in leather with gearshift paddles located behind the right- and left-hand spokes will appeal to anyone who wants to make motorsport-style gear changes. The right-hand paddle shifts up, the left-hand paddle shifts down, confirming that comfort and sportiness needn't be mutually exclusive.

Tiptronic S gear selector in aluminium

Tiptronic S gear selector specially designed in milled aluminium with inlays in smooth-finish leather in the interior colour.

Only for vehicles with Tiptronic S.

All-weather floor mats

Four made-to-measure floor mats in an appealing black design featuring the Cayenne silhouette and 'PORSCHE' logo. Non-slip and waterproof with surrounding raised edge.

Floor mats with nubuck edging

Precision down to the last detail: four made-to-measure floor mats with nubuck edging, 'PORSCHE' logo and a waterproof backing. Floor mat displacement is prevented by a special securing system. Available in selected interior colours.

Reversible loadspace mat with nubuck edging

This reversible mat with nubuck edging including loading edge protection shields the luggage compartment from dirt and protects the vehicle paintwork from scratches during loading. One side is trimmed in velour in the interior colour, the other side features a hard-wearing, waterproof and non-slip rubber surface.

Not compatible with loadspace management system.

All-weather floor mats

Floor mats with nubuck edging

Reversible loadspace mat with nubuck edging

Vehicle key painted, key pouch in leather

Vehicle key painted

A special kind of door opener – one that’s really pleasing to the eye. The painted side sections lend your vehicle key a touch of individuality.

Set, consisting of two side sections.

Key pouch in leather

In smooth-finish leather with decorative stitching and embossed Porsche Crest. Available in selec-

ted leather colours. Includes a tether for the vehicle key.

Sun/privacy screen

Protects against direct sunlight and at the same time provides additional privacy. Clips in place in just a few minutes.

Four-piece set available for the windows in the rear area and one-piece for the rear screen.

LED comfort lighting extended package (not shown)

Includes LED lights for the interior and exterior: footwell lighting at the front and rear, luggage compartment interior lighting, position lighting on the luggage compartment lid and position lighting in the doors at the front and rear, glove compartment lighting and also lighting for sun visors.

Sun/privacy screen

Note: in conjunction with the comfort lighting package, the mirror periphery lighting in the exterior mirrors also uses LED technology.

Sun/privacy screen

Door sill guards in carbon

Door sill guards in carbon, illuminated

Door sill guards in stainless steel

Door sill guards in stainless steel, illuminated

Door sill guards

A sporty and striking effect.

Whether you choose door sill guards in carbon or stainless steel, they provide a stylish and dramatic finishing touch. If you

select illuminated door sill guards, the white illuminated model logo is a further highlight.

Available with 'Cayenne',

'Cayenne S', 'Cayenne GTS',

'Cayenne turbo' and

'Cayenne turbo S' model logo.

For the Cayenne GTS, the 'GTS' part of the logo is finished in red.

Audio and communication

**Another Porsche strength:
interpersonal communication.**

Your Cayenne was designed with performance in mind, with a high level of comfort and as much practicality as you will need. The high-quality audio and communication products from

Porsche Tequipment are no different. They have been specially selected and tuned to your Porsche vehicle so that you can turn it into a mobile audio and communication centre.

PCM with navigation module and CD/DVD autochanger

PCM with navigation module and CD/DVD autochanger

The central information and communication system with a 7-inch WVGA TFT colour touchscreen is easy to operate. The radio has an FM dual tuner frequency diversity with RDS. The six-disc auto-changer drive plays CDs and audio DVDs and is MP3-compatible. Audio playback of video DVDs is

also supported. The GPS navigation system has a hard drive containing map data for most European countries. Other features include dynamic route calculation, a 3D map display and automatic route tracing.

Navigation update PCM 3.1 (not shown)

Latest map update (Model Year 2013) for your navigation system.

Universal audio interface

For vehicles with PCM, the centre console storage compartment will contain two connections: an AUX interface for connecting an external audio source, and a USB port

Universal audio interface and cordless handset for telephone module

enabling you to connect a USB memory stick containing MP3 tracks, an MP3 player, an iPod® or an iPhone®. The USB stick, iPod® or iPhone® can be operated conveniently via PCM, the multifunction steering wheel or the voice control system.

For vehicles with the CDR audio system, the centre console storage

compartment will contain an AUX interface for connecting a compatible audio source. The volume is adjusted using the controls on the CDR audio system, other functions are operated using the controls on the external audio source itself.

Cordless handset for telephone module

Bluetooth® handset with display and keypad stored in the centre console. Enables calls to be made privately in the presence of other passengers, even from the rear seats.

Only available for vehicles with PCM and telephone module.

Electronic logbook

Telephone module

Electronic logbook¹

The optional electronic logbook enables automatic recording of mileage, route distance, date and time, starting point and destination as part of every journey. Once you have downloaded the logbooks from the PCM via Bluetooth® or the optional USB interface, the data can be evaluated on your home PC using the software supplied.

Telephone module¹

The optional (standard UK specification in Turbo & Turbo S) quadband GSM telephone module offers convenience and excellent reception. By inserting a SIM card directly into the PCM's integral SIM card reader, calls can be made using either the hands-free facility or the optionally available cordless handset. Alternatively, calls can be made using the Bluetooth® capability of your mobile phone.

Mobile phone preparation¹

Supports hands-free use and operation of telephone functions including call lists and phonebook access by PCM, multifunction steering wheel or voice control system. The link between the mobile phone and PCM is established by the Handsfree Profile (HFP).² The GSM connection is established through the aerial of the mobile phone.

¹ Only in conjunction with PCM.

² Visit www.porsche.com or visit your Porsche Centre for information on compatible mobile phones.

Mobile phone preparation

Wireless internet access

Wireless internet access

A compact, high-end WLAN router installed neatly in the glove compartment and an additional aerial enable you to receive and broadcast the signal of your mobile network provider. Supports the HSPA/UMTS, EDGE and GPRS mobile data networks. This convenient internet access point gives you on-the-move online access from multiple WiFi-enabled

client devices (e.g. laptops, smartphones or netbooks) inside the vehicle, simultaneously if necessary, up to a maximum download speed of 7.2 Mb/s.

A data-enabled SIM card and a separate, valid subscription to a mobile network provider (subject to charge) are required for internet access.

Porsche Vehicle Tracking System (PVTS)

Enables remote location of a stolen vehicle in 27 European countries as well as in Russia and South Africa. Location is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle owner. In addition to the extra

Porsche Vehicle Tracking System (PVTS)

security offered by this system, it may also, depending on the country, reduce your insurance premium. The system has been tested using multiple simulated thefts in order to ensure that the service fully meets strict Porsche requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for the Porsche Vehicle Tracking System (PVTS).

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

Included in standard UK specification for Cayenne S, Cayenne S Diesel, Cayenne S Hybrid, Cayenne GTS, Cayenne Turbo, Cayenne Turbo S.

Transport and car care

**Too many hobbies?
Not any more.**

For all its sporty appearance, the interior of the Cayenne is extremely spacious and comfortable. A range of optional Porsche child seats ensures that children can also travel in comfort.

The luggage compartment offers plenty of room for your belongings.

Cargo liners are available to protect it from dirt, and the luggage net keeps your belongings in one place.

Thanks to the intelligent roof transport systems from Porsche Tequipment, your vehicle can carry bulky items of luggage, as well as bikes, skis or snowboards.

Food and drinks are best kept in the cool box. Your Cayenne, on the other hand, is best protected under a car cover. Of course, we also have an extensive range of care products.

Child seats

Travelling in a Porsche is not just for grown-ups. With Porsche Tequipment child seats, it's for the little ones, too. Now passengers below the age of 12 need never miss out.

Porsche child seats
Porsche child seats meet strict safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passen-

gers up to 12 years of age. The fabrics are breathable, hypo-allergenic and easy to clean with a removable and washable cover in black and grey with a contrasting red trim. The outer rear seats in

the Cayenne are equipped with ISOFIX preparation as standard (available as an option for the front passenger seat). These mounting points can be used to secure any Porsche ISOFIX child seat easily

and safely. Alternatively, all Porsche child seats can be secured using the standard three-point seat belts. For extra safety, the Porsche Baby Seat and Porsche Junior Seat ISOFIX have an independent five-

point belt system. The Porsche Junior Plus Seat also offers an 11-way height-adjustable headrest so that bigger children can also be extremely comfortable.

Child seats	Model	Group	Weight	Age	Cayenne front ¹	Cayenne rear
	Porsche Baby Seat, ² G 0+	0+	up to 13 kg	up to approx. 15 months	yes	yes
	Porsche Junior Seat ISOFIX, G 1	1	9 to 18 kg	approx. 9 months to 4 years	yes	yes
	Porsche Junior Plus Seat, ³ G 2 + G 3	2 + 3	15 to 36 kg	approx. 4 to 12 years	yes	yes

¹ The use of a Porsche child seat on the front passenger seat is permitted only in conjunction with child seat preparation (pre-delivery option order no. 3B9).
² Separate Porsche Base ISOFIX available for Porsche Baby Seat.
³ Also available as Porsche Junior Plus Seat ISOFIT. ISOFIX/ISOFIT is a secure and user-friendly child seat mounting system that rigidly attaches the child seat to the vehicle.

Roof transport system

Bike carrier

Transport and car care

Roof transport system

For use with our elegant roof rails (optional), these aluminium roof bars are approved for a maximum roof load of 100 kg. Compatible with a wide range of Equipment load-carrying attachments, they are easy to fit and feature anti-theft protection.

Only in conjunction with factory-fitted roof rails.

Bike carrier

Lockable carrier for standard adult and children's bikes up to a maximum frame-tube diameter of 85 mm. Up to three bike carriers can be mounted on the roof transport system.

Ski/snowboard carrier

Two versions are available: one for up to four pairs of skis or up to two snowboards, and one for up to six pairs of skis or up to four snowboards.

Ski/snowboard carrier

Rear-mounted bike carrier

Folded rear-mounted bike carrier

Rear-mounted bike carrier

Lockable, hinged aluminium rear-mounted carrier in black for up to two bicycles. Mounts on towbar system. Folds compactly for transporting in the luggage compartment.

Only for left-hand drive vehicles and only available in conjunction with a towbar.

Expansion kit for rear-mounted bike carrier (not shown)

Expansion kit for the transport of a third bicycle on the rear-mounted bike carrier.

Only available in conjunction with the rear-mounted bike carrier.

Roof box (narrow)

Lockable plastic roof box in black (high-gloss) with a capacity of approximately 310 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,260 x W 550 x H 380 mm.

Roof box (wide)

Lockable plastic roof box in black (high-gloss) with a capacity of approximately 520 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,180 x W 895 x H 400 mm.

Roof box (narrow)

Roof box (wide)

Outdoor car cover

Indoor car cover

Outdoor car cover

Tailored outdoor cover in silver with full-colour Porsche Crest and logo. Water-repellent, it provides excellent protection against a range of weather conditions including strong sunlight. Includes anti-theft protection.

Indoor car cover

Tailored indoor cover made from breathable and anti-static fabric. With full-colour Porsche Crest and logo.

Luggage nets

Easy-to-use floor and side nets enabling secure transportation of smaller objects in the luggage compartment. Floor net is secured via four integral hooks to lashing points on loadspace floor. Both nets are highly elastic, enabling variable tension adjustment.

Cargo liners

These made-to-measure water-proof and washable plastic containers offer protection against

dirt and damage. Available in two sizes: low-sided and high-sided. Both versions feature the 'PORSCHE' logo, supplemented on the low-sided version by the Cayenne silhouette.

Cool box

Easy-to-use cool box with 12-volt power connection and 12-litre capacity for food and drinks. Secured using patented Porsche attachment system. Includes battery discharge protection.

Cargo liner (high-sided)

Luggage nets

Cargo liner (low-sided)

Cool box

Guard cage including loadspace divider

Loadspace partition net

Loadspace partition net

For added safety when the vehicle is laden. The partition net is flexible with a choice of two attachment positions on the rooflining.

Loadspace divider available as an option.

Not compatible with panoramic roof system.

Guard cage

To protect the passenger compartment, this robust steel barrier is an effective retention system comprising a full metal grid positioned behind the rear seats. Includes a through-loading facility for skis and other long items.

Not compatible with full-size spare wheel.

Loadspace divider

Adjustable grid for dividing the luggage compartment. Two fore/aft positions available.

Only available in conjunction with guard cage.

Electrically extending towbar system

The towball can be electrically deployed or retracted at the push of a button. The maximum braked trailer load is 3,500 kg, the maximum noseweight is 140 kg. Includes 13-pole power socket.

13- to 7-pole socket adapter available separately.

Towbar system with manually detachable towball (not shown)

Steel cross member with vertically mounted towball. The maximum braked trailer load is 3,500 kg, the maximum noseweight is 140 kg. Includes 13-pole power socket.

13- to 7-pole socket adapter available separately.

Not available for Cayenne S Hybrid.

Electrically extending towbar system

Wheel cleaning kit

Wheel cleaning kit

Care products and brush set for alloy wheels. Cleaning fluid also available separately as a refill.

Porsche Charge-o-mat II

Battery charger with charge maintenance and monitoring function.

An optional adapter is available for vehicles without cigarette lighter.

Microfibre cleaning cloths

Pack of three microfibre cloths enabling the PCM touchscreen and other delicate interior surfaces to be cleaned safely and efficiently.

Ice scraper

This aluminium ice scraper ensures ultimate visibility in snow and ice conditions. The telescopic handle is simple to use. The integrated rubber lip enables water to be removed with ease.

Car-care case

Aluminium case containing high-quality car-care products specially approved for your Porsche. Includes insect remover, paint polish, shampoo, wax, glass cleaner and leather conditioner. All products are available separately.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.
